

The UK's leading Sustainable Greeting's Brand

Eco Nature stands as a distinguished leader in the UK's celebration industry, differentiated by our commitment to sustainability across our entire product line.

Here's what sets us apart:

Proudly British

Every item we offer is crafted with pride within the UK, ensuring UK employment and a reduction in transportation emissions.

Commitment to being Plastic-free

Our dedication to environmental stewardship is reflected in our non use of plastic materials and a reduction in packaging, ensuring a fully recyclable celebration.

Sustainability Through Recycled Materials

We conscientiously select recycled materials for our products, demonstrating our belief in resource usage and circulatory.

Recyclability Through and Through

From our products to our packaging, everything is designed to be fully recyclable, aligning with our vision of a sustainable lifecycle.

Collaborative Efforts Towards Carbon Neutrality

In our quest for carbon neutrality, we are proud to partner with the Woodland Trust, embodying our commitment to environmental restoration and conservation. This includes funding of their Woodland Carbon scheme which is part of the Woodland Carbon Code.

Eco Nature invites you to join us in celebrating responsibly, where every choice you make contributes to more sustainable world.

Woodland Trust

Through partnering with The Woodland Trust and investing in their 'Woodland Carbon Scheme', we are able to mitigate all emissions from the production of our Eco Nature products resulting in a carbon-neutral brand. To date Eco Nature has offset 950 tonnes, funding over 30,000M2 of new native woodland.
